

Alexa May - Ukrainian pornstar and escort

Alexa May, Escort girl and Pornstar from Ukraine

When Alexa May first appeared in porn she seemed so very young, and innocent, even a bit shy. But she quickly developed into a confident porn slut, well aware of the effect she has on men. She had red hair and pigtails in some of her earlier movies, such as Throat Gaggers (where poor Alexa has a fairly difficult time trying to deepthroat some monster cocks), but normally she has long dark hair. She has a very sexy body, but perhaps her best asset is her pretty face and her sexy smile. Incidentally she looks even better with a cock in her mouth!

Rumor has it she has improved her looks with the help of implants since leaving the business, she must look like a sex goddess now.

If you would like to see Alexa May in a gangbang, the closest you will come is to check out Orgy World 2, where she is treated like a living sex doll by several men.

In some of her appearances she plays the role of an escort, and after having left active modeling, she worked as escort girl in Kiev (and doing some tours to Paris and Milan). It appears she is no longer active, remains to see what that means. Could she be making a comeback?
