

Anetta Keys, everyones favorite Pornstar / Erotic model

Latina babe with a sexy smile and incredible body

Anetta Keys, real name Aneta Smrhova, has to be one of the cutest girls ever to do porn. Even though her nationality is Czech she has a latin look with lithe, slim, athletic body, with a womanly figure. She also has a very teasing, sultry look driving us crazy.

Anetta only did a few boy girl hardcore appearances, and most of those with a boyfriend. Nevertheless thanks to her stunning charm, she has become a very popular model among the Internet porn community.

She has been working as a dancer, and with that body it must be heaven to watch her dance.

She has also been a Penthouse Pet and featured in Playboy.
