

Sandy - Hungarian porn goddess

A porn mega star, now more than a model

Sandy, or Zsanett, is a model who has been active in the porn business for a long time now. She was born as Zsanett but has been using the stage name Sandy for most of her carrier. She started as a fashion model, moving on to porn, but always remained a classy chic. For a pornstar, you would have to say that she is now a mature woman, but she still remains incredibly hot and sexy.

She has been featured in pretty much every major men's magazine, and was a favourite model at VivThomas site.

Today she runs her own agency and her own site, but she also still works as a model keeping her fans happy!
