

Tera Bond, The kind of slut we like

Kinky sex worker

Tera Bond is no newbie in the porn biz. She has been modeling for quite a while now, and she has done most everything you can imagine. Even kinky stuff. She is quite pretty, and she has the ability to look both as a high class lady, and like a cheap slut, whatever you prefer. Her ass and her legs are among the hottest ones out there, and she knows it.

The best thing about Tera Bond is that she really seems to genuinely enjoy doing what she does, and it shows in her work where she is often cute and giggly. Maybe she is a bit of a nympho even because it appears she might work as an escort girl too from time to time.
