

Zafira - a kinky and very bendy pornstar

Long brown hair, hot figure, and with a dirty mind

Zafira, arrived on the porn scene a couple of years ago with a bang. She was immediately very popular.

She has a hot body for sure, she is pretty busty, and has pretty face to go with her body. It is apparent from many of her sessions that she is very bendy! And it would seem that not only her body is flexible, but also her pussy, since she is no stranger to sliding huge toys and other objects into it. She also does hardcore and blowjobs from time to time.

All in all, a very pleasant acquaintance!
